## Tips for DIY Music Playlists

We have various options for playing music at the Chapel. We accept music on:

- CD • USB • AUX • Smart Phone playlist • Spotify Playlist. There are some considerations to keep in mind:

1. If burning your own compilation CD, use "audio" option when writing CD (not Data MPG). Do not burn at a too high speed, we recommend 16x. Allow a 1 or 2 second pause at the beginning of each track - no more

2. If bringing songs on a USB you need to RENAME each song in order as 01.mp3, 02.mp3, 03.mp3 etc. Failure to do so means songs will play in alphabetical order by song title rather than your preferred playlist order.

3. If you have a Spotify or similar playlist on your phone you need to have the phone unlocked with no passcode if it falls asleep. Download the playlist to the device. There is no wifi in the Chapel. It is best to put the phone on aeroplane mode otherwise if the phone receives a call it will come over the speakers! We have a 3.5mm AUX connector. If your iPhone or android phone needs a specific adaptor - please bring it!

- Use the list (see over) to put tracks in that specific order. Do NOT put brides entrance song first for example. If putting reception songs into the Playlist, please do so in this order:

1. Guests entering (3 songs minimum)
2. Brides/bridesmaids entrance (1 song)
3. Signing Register (2 songs)
4. Chapel Exit (1 or 2 songs)
5. Reception Entrance
6. Cutting Cake
7. Bridal Waltz
8. Garter/Bouquet toss (if applicable)
9. Reception Exit

- Please bring or send your new playlist to our office by the Wednesday before the wedding or at the rehearsal so we can test it's compatibility with our system and make sure it works!

- Please supply us with a written list of the tracks and their artist (as per overleaf) so we can play the right song at the right time.
